

## Homework Bingo – Term 1 & 2 – Year 5 and 6

As we welcome you back to school, we want to continue to provide you with opportunities to get creative, have some fun and pick up some new skills at home. You will find your bingo grid below for this term, which outlines some activities for you to complete at home. There is no expectation for how many activities to complete per week but we are excited to see what you choose. You will see that we have designed some activities linked to different areas of the curriculum, our exciting topic as well as some key life skills.

Please share your learning with us on ClassDojo as much as possible and we will be more than happy to share this with everyone else in the class. We will continue to reward you with Dojo points as well as other rewards in school.

Good luck and get creative!

<b>Life skills</b> Keep yourself updated with current affairs by watching a news report from CBBC Newsround.	<b>Life skills</b> A random act of kindness – do something for someone else to make them happy or make their lives easier. Post your story to ClassDojo.	<b>Life skills</b> Make your own lunch for school and take a photo – post this picture to ClassDojo.	<b>Life skills</b> Record a video of yourself telling us all about the happiest day of your life. Try to remember as much as you can about the day – post your video to ClassDojo.
<b>Reading</b> Send us a review of a recent book you have read. Tell us about the story and the characters but do not give away the ending – post this to ClassDojo – it can be a video or written.	<b>Reading</b> Read a fiction and a non-fiction book of your choice – post a selfie of you with the covers on ClassDojo.	<b>Reading</b> Write a new and improved blurb for a book of your choice – post it to ClassDojo.	<b>Reading</b> Learn a poem off by heart – if you want to, post your performance in a video to us on Class Dojo.
<b>Science</b> With an adult, investigate what happens when you add salt, sugar or flour to a liquid. What do you notice? Post your findings onto ClassDojo.	<b>Science</b> Go star gazing. Can you identify any of the stars or planets in the sky? Post your findings onto ClassDojo.	<b>Science</b> Go bird watching and identify 5 different birds. Take pictures and post your findings onto ClassDojo.	<b>Science</b> Learn to use a compass. Take a video of you using a compass and post it onto ClassDojo.
<b>Topic</b> Make a gas mask out of recycling from home.	<b>Topic</b> Create a ration book of your own and make some ration recipes e.g. carrot cookies.	<b>Topic</b> Come up with your own codebreaker for hiding secret messages – post it for others to solve on ClassDojo.	<b>Topic</b> Make do and mend! Sew up a whole or attach a button.
